Power Cost Adjustment	TBD

POWER COST ADJUSTMENT (PCA)

See PCA rate schedule.

DETERMINATION OF BILLING DEMAND

Billing demand for the months of June through September shall be the maximum kW demand established by the member using a thirty (30) minute integrated demand recorded between 3:00 p.m. and 6:00 p.m., Monday through Friday. Independence Day and Labor Day are excluded from the calculation of billing demand.

Billing demand for the months of October through May shall be 70% of the maximum kW demand of the previous July or August.

When indicated demand results are in a fraction, the nearest unit kW shall be used. Fractions of 0.5 or less shall be dropped and fractions of 0.6 or more shall be considered 1 kW.

CONDITIONS OF SERVICE

1. Motors having a rated capacity more than 10 horsepower must be three-phase.
2. Service is accepted under this schedule for a period of not less than one (1) year unless the member's load changes and requires reclassification to another schedule.
3. A member with a home on the same premises as their business may include service to both home and business on the same meter and all service shall be billed under this rate schedule. Alternatively, the member may prefer to have service metered and billed separately for their home and business.

MINIMUM MONTHLY BILL

The minimum monthly bill shall be the highest of the following:

- the Availability Charge,
- \$1.25 per kVA of installed transformer nameplate capacity, or
- if it is necessary to make line extensions or to increase the capacity of distribution lines to provide service, then the minimum monthly bill shall be determined in accordance with DSO's Line Extension Policy.
