

Rate R-3I

Residential – Prepay Interruptible

Last Revised: 4-20-2020

Effective: 6-1-2020

Page: 1 of 1

APPLICABILITY

Applicable to members of DS&O for residential service.

CHARACTER OF SERVICE

Single-phase, at available voltages.

RATE

Availability Charge	\$1.249 per day
Energy Charge	\$0.122 per kWh
Interruptible Credit	\$25.00 per kW saved on Peak Day (minimum of 1 kW)

If required transformer capacity is greater than 25 kVA, then Availability Charge will be an additional \$.50 per day.

DEFINITIONS

Control Peak Period is 3:00 p.m. CST to 6:00 p.m. CST, Monday through Friday, during the months of July and August (excluding July 4).

Peak Day is the day with the highest hourly measured demand during the Control Peak Period used by KEPCo to bill DS&O.

kW Saved = (Peak Day kW reading at the end of the hour immediately before power being turned off + Peak Day kW reading at the end of the hour immediately after power being turned off)/2.

TERMS OF SERVICE

- DS&O may turn off power to the member's meter any time during the Control Peak Period.
- DS&O may turn off power on multiple days, but there is only one Peak Day.
- DS&O shall notify members at least 30 minutes prior to power being turned off and such notifications shall be communicated via the member's preferred method, including email, text, or phone call.
- To receive an Interruptible Credit, the kW saved shall be 1 kW or more on Peak Day.
- The Interruptible Credit shall be paid in the next billing period in September.
- Members taking service under this schedule shall enter into and abide by the Supplemental Prepaid Service Agreement.

PAYMENT

Payment terms are specified in accordance with the Rules and Regulations of DS&O and the Supplemental Prepaid Service Agreement.
